

We respectfully acknowledge that Artemis Place stands on the unceded and traditional territory of the Lekwungen and SENĆOŦEN – speaking peoples. We recognize that the original peoples here, including the Esquimalt, Songhees and WSÁNEC nations, continue to be the keepers of this beautiful land and its stories. We understand our responsibility and we commit to work towards decolonization and honour the need for reconciliation.

Artemis Place acknowledges the funding received from the Province of British Columbia, Ministry of Education, Ministry of Children and Families, local Foundations and Donors for the support that affords Artemis Place to be tuition free.

COMPASSION, POWER, RESPECT

Artemis Place Society operates Artemis Place Secondary School and Artemis Young Parent Program/Child Care Centre. The Secondary School integrates education, counselling and life-skills in a nurturing and intentional school community. Artemis Place is a program for female and transgender youth ages 15 to 19 years who have faced challenges, weren't able to find success in other school settings, and/or who are pregnant or parenting.

Artemis Place Society

Artemis Place Society, a non-profit organization, has been delivering integrated educational services in the Capital Region since 1971. The Society offers an intentional community where learners come together to achieve their educational and personal goals. The core values of Compassion, Power and Respect are themes that are woven throughout programming.

Students have a primary Youth and Family Counsellor and Teacher who guide and support them in their goals and they are active participants in the school community.

Anyone can refer students to Artemis Place and the referral form is on the website. The program often has a waitlist but students are usually enrolled within one year. New students primarily begin in September although spaces sometimes come up during the school year.

More information at: www.artemisplace.org

Artemis Place Secondary

Artemis Place Secondary is a tuition-free, Special Education Independent School. Grades 10-12 are delivered through self-paced, personalized learning to meet each student's goals and needs. Curriculum is supported by Individual Education Plans with focus on project and inquiry-based learning.

In addition to required courses, other opportunities include Visual Arts, Ceramics, Photography, Garden, Foods, Textiles, Environmental Science, Life skills and Careers.

In the Counselling and Life-skills programming, each student works one to one with a Youth and Family Counsellor to set and attain goals. Skill-building workshops are offered on topics such as non-violent communication, budgeting, healthy relationships, mental wellness, gender diversity, and Indigenous ways of knowing.

(2018 Grads:)

Artemis Young Parent Program

Artemis Young Parent Program serves pregnant teens and young parents in a nurturing community while also providing a safe, stimulating environment for their children. We have on-site licensed infant/toddler/multi-age centres where the staff of Early Childhood Educators provide responsive care for the children along with building respectful, trusting family relationships.

The program provides rich and varied experiences to support all aspects of children's well-being while nurturing their cultural and familial traditions. The program offers pre-natal and parenting education, individual and group counseling, support and advocacy. Parents also connect with other students to share the joys and challenges of parenthood.
